Draft Answer.

p. 4

(108) Much of the work on field -- distributaries and irrigation sluices is expected to be completed during the - current year. From the latest Progress Reports before the Government it does not appear likely that the lands ~~will be ready~~ can be put up for auction until 1916-17.

2/ Reference is requested to Q. No. 108 asked at the meeting of 18.2.13 and the reply given thereto. In G.O. No. 487-Revenue d/ 15.2.13 it was ordered that the sale of waste lands under the project should be postponed till after the excavation of all the field distributaries. It will be seen from para 4 of G.O. No. 584-I, d/ 19.11.1914 that much of the work on field distributaries & irrigation sluices is expected to be completed during the current year. ~~Presumably~~ The sale of the lands ~~will~~ has to be taken up after the completion of the distributaries.
